KEGA 005UJS-4/2015	Ing. István Szőköl, PhD.	1/2015 - 12/2017	The main goal of the project is to internationalize and improve the teaching of the study program preschool and elementary pedagogy for II. degree of university studies at the Faculty of Education JSU. The project focuses on the development of teaching materials in English to make this study program accessible to students from abroad.
KNM1126/2015/1.1.2	prof. Dr. András Németh, DSc.	1/2015 - 12/2015	The aim of the project is to design and publish a Slovak-Hungarian pedagogical terminology manual (pedagogical terminological glossary) in order to apply adequate and uniform professional terminology in the creation of publications and documents of a scientific and professional nature, as well as during professional communication in teaching.
